## FINANCE AND COMMERCE.

## FINANCIAL.

NEW YORK, May 13.—Money—Easy at 1 per cent. Prime mercantile paper 4@5 per cent.

Foreign Exchange—Sterling bills quiet at \$4.88; demand at \$4.88.

Government—Received some attention.

There were sales of 4½ registered at \$1.11, of 3½ at \$1.03, and 4's coupon and registered at \$1.21.

The quotations show a decline of ½ for 4's, and an advance of ½ for 3's and 3½ for currency of 1885.

Stocks—Irrregular, moderately active and at times feverish, with Lackawanna the leading feature. The market is growing more and more each day into a contest between the bulls led by the Gould-White party, who control in a great measure the quotations for Union Pacific, Western Union, Missouri Pacific, and the grangers, and the leading bear operators, whose most direct attack has been against Vanderbilt until to-day, when they also sold Lackawanna heavily.

The different stocks that make up the active list were so erratic that a description of the market can hardly be given without taking up the list serially. The total sales for the day were 261,871 shares, of which Lackawanna alone contributed 91,000. During the forenoon Lackawanna sold down from \$1.03½ to \$1.01, but rallied later in the day, selling in the last hour at \$1.02½ and closing at \$1.02, a loss of 1 per cent. Grangers and Gould stocks yielded a fraction in the forenoon; were steady until late in the afternoon. Then rallied, so that at the close Western Union is down ¼c; Pacific Mail, 4c, and Northwestern ½c, while St. Paul is up ½; Missouri Pacific, 4c, and Union Pacific and Missouri, Kansas &amp; Texas unchanged.
